Professional Summary

I am a third-year student at the School of Electrical Engineering, University of Belgrade, majoring in Computer Engineering and Informatics (enrolled in 2022), with strong technical knowledge in programming, systems, and electronics.
I am highly interested in software development and in the practical application of acquired knowledge through projects and teamwork.
I am responsible, hardworking, and eager to continuously learn new technologies.

Education

• School of Electrical Engineering, University of Belgrade
Major: Computer Engineering and Informatics
Belgrade, Serbia | Expected graduation: 2026
• Thirteenth Belgrade Gymnasium
Major: Natural Sciences and Mathematics
• Elementary Music School "Vatroslav Lisinski"
Instrument: Trumpet

Technical Skills

• **Programming:** Python (intermediate), C (intermediate), C++ (advanced), Java (advanced), HTML and CSS (intermediate), Git (intermediate), SQLite (advanced), MySQL (intermediate)
• **Electronics**: Building small projects based on microcontrollers (Arduino Uno, ESP32-S3)
• **Software and Tools**: Visual Studio Code (intermediate), CLion (intermediate), PyCharm (intermediate), Figma (basic), Eclipse (advanced), Arduino IDE (advanced), Fusion 360 (basic), Word, Excel, PowerPoint (intermediate)

Projects

• Operating Systems 1 – Implementation of threads, semaphores, and concurrency for the RISC-V processor architecture
• Operating Systems 2 – Implementation of a part of a disk management system with a RAID structure on the xv6 operating system
• Around twenty different projects with microcontrollers

Languages

• Serbian – native
• English – high level (no official certificate)
• French – B1 level

Certificates and Courses

• EduTech Programming School – three years
• Workshop “Git in Practice: Efficient Code Management” – certificate (EESTEC collaboration)

Additional Information

• Driver’s license: category B
• Hobbies: dance (salsa, tango), sports (volleyball, basketball)
